PERSONAL SUMMARY

I'm a Self-motivated, Creative Coder with 3 years plus experience of Coding and Web development. I'm a full stack software engineer with extensive experience in building high performance applications. I am a Web developer that specialties in creating a Web app, Mobile app, and Websites and always open to new tools and technologies. Since graduating from university, I have been working full time as a professional Full Stack Developer. I also do some freelance utilizing HTML5, CSS3, Vanilla JavaScript, React JS, Express JS, Node JS, MongoDB etc. I love working with people, especially if they have the same passion, I have for what they do. I'm always looking for new, interesting collaborations and I'm sure that I'm the man you need to hire!

Right now, I am looking for a suitable position with a company where outstanding performance is recognized and where I can work on a variety of high-profile projects.
